

expp::memory::Allocator

```
graph BT; SimpleAllocator[expp::memory::SimpleAllocator] --> Allocator[expp::memory::Allocator];
```

The diagram illustrates an inheritance relationship between two classes. At the bottom is a gray rectangular box labeled 'expp::memory::SimpleAllocator'. A blue arrow points vertically upwards from the center of this box to the center of a white rectangular box at the top labeled 'expp::memory::Allocator'. Both boxes have a thin black border.
